

## **GBIO/Brookline Affordable Housing Trainings**

Learn about the issues and what *you can do* to help bring more housing affordability to the communities in which we live, work, and pray.

The GBIO Brookline Housing Affordability Team is offering a series of six trainings focusing on affordable housing. These sessions are designed to give you the information you need around affordable housing issues ranging from a broad overview to a deep dive into the most important issues we face. - You can attend one, some, or all sessions.
- All sessions will be offered through Zoom and will be recorded.
